Guidelines for EBM

Getting Started:
From the Library's main web page, search Guidelines and click on Databases for Guidelines for EBM - http://hslibrary.ucdenver.edu/database/subject/Guidelines

For more information, try: Evidence Based Health Care Resources - http://hslibraryguides.ucdenver.edu/ebhc

Search here first:
   - A display tool allows side by side comparison of guidelines.

2. MDConsult - Guidelines Section - http://hslibrary.ucdenver.edu/databases-title/m
   - Full-text practice guidelines are available when published in journals for which MD Consult has full-text.
   - Guideline Updates includes brief summaries of the latest clinical practice guidelines from other sources along with a link to the full-text.

   - Limit to Guideline as a Publication Type

Other resources:
   - These guidelines are produced or endorsed in Canada by a national, provincial/territorial or regional medical or health organization, professional society, government agency or expert panel.

5. Guidelines International Network (G-I-N) - http://www.g-i-n.net/
   - Links to worldwide sources of guidelines. Organized by health topic.

   - British evidence based guidance on technology use, clinical care, and interventional procedures.

   - Searchable listing of on-line guidelines grouped by clinical content with index, top diagnoses cross reference, and organization site listings.
